National School Lunch and School Breakfast Programs

USDA's Food and Nutrition Service has developed training materials on program accountability in the National School Lunch and School Breakfast Programs.

These are both technical and promotional materials. They may be used to explain the importance of accountability issues to cooperating officials or to conduct training programs for State and local school food authorities and/or food service employees.

For further information contact your State agency.

Accountability Questions

United States Department of Agriculture • Food and Nutrition Service • FNS-261

Make your meal counts count

- Review today's menu.
- Count meals at the point of service.
- Ensure that the meal is complete.
- Record each meal by category.
- Prevent overt identification.
